INTRODUCTION

All students should keep a copy of this SCHEDULE OF COURSES. Besides the course listings, it contains the current academic calendar and registration procedures. In addition, much of the information in the SCHEDULE is helpful for answering questions on various policies and procedures.

The **most current** information is announced in instructions which are distributed at registration. **Always** be sure to secure a copy of these instructions and read them carefully **before** proceeding through registration.

The requirements and policies of each college and school and of the University are printed in the 1983-84 UNIVERSITY OF COLORADO AT BOULDER CATALOG. Each student should have a copy of this CATALOG for course descriptions, as well as for current policies. Students should refer to a copy of the CATALOG for their year of entry to find graduation requirements. All students are responsible for knowing and following the provisions set forth in the CATALOG.

Because of the lead time required to publish the CATALOG, changes in University and/or college or school rules and policies may occur in the interim. It is the student's responsibility to be aware of all such revisions. This can best be accomplished by consulting department advisors, checking department bulletin boards, and reading the SCHEDULE OF COURSES narrative preceding each college/school course listing.

REGISTRATION PROCEDURES

Registration Materials

A. Forms and Supplies You Will Need

- 1. Course Request Form
- 2. Deposit Form—\$100 or \$300 (as applicable) is printed on it, and the lower half of the form must be turned in when you pay your deposit.

- 3. Optional Fee Form—Several optional services are available and may be selected on this form.
- 4. Pencil (#2 or Mark-Sense)—Use this on all forms.
- SCHEDULE OF COURSES—Keep this copy and take it with you to Registration.
- 6. CU Photo ID—The ID is required of all students. A validation sticker will be provided at Schedule and Bill Pickup each semester.

Be sure to read the registration instructions available at every registration. These instructions contain the **most current** information and deadlines.

B. Understanding the SCHEDULE OF COURSES

After consulting an academic advisor or reading the advising instructions and reviewing college/school requirements, you will be ready to select your courses.

The SCHEDULE OF COURSES has a table of contents to help you locate the college or school which lists the courses you need. At the top of each page of courses you will find the **abbreviations** for the information supplied:

- DEPT NO—The department number is essential for filling out your course requests. Do not confuse this with major number.
- DEPT—The department name abbreviated to a maximum of 4 spaces.
 - CRS NO—The course number.
- CR—The number of credit hours the course offers: 030 means 3 credit hours, 2-4 indicates that credit is variable and means you must indicate on your course request whether you want 2, 3, or 4 credit hours.
- TITLE OF COURSE—This is often abbreviated also.
- SEC—This is the section number and it means the same as the lecture number. When an **L** precedes the number (L004), it indicates a laboratory (lab) and is taken along with the lecture. When an **R** precedes the number (R010), it indicates a recitation (rec) and is taken along with the lecture. Some classes have all three: lecture, lab, and recitation.

- TIME—Meeting time of the class.
- DAYS—Meeting days of the class (**T** is Tuesday and **TH** is Thursday).
- BLDG—The building abbreviation. See the list on the campus map, inside back cover.
- ROOM—The room number.
- INSTRUCTOR—Instructor's name is printed when available.
 - LIMIT—Approximate class size.

When selecting your courses and filling out your forms, remember the following:

1. CREDIT HOUR LIMITS—Until the Drop/Add

period begins, students in Arts and Sciences and Journalism are limited to a maximum of 17 credit hours; students in Design and Planning, Education, Music, and Pharmacy are limited to 19 credit hours; and Law students are limited to 16 credit hours.

Business students are limited to a maximum of 17

credit hours per semester. Graduate students may receive only 15 hours of graduate credit toward a degree each Fall and Spring Semester. Students in Engineering may take unlimited credit hours.

Students in all colleges and schools should check with their deans for details on maximum number of credit hours allowed.

2. CONTROLLED ENROLLMENT CLASSES—For courses so designated in the SCHEDULE OF COURSES with an 800-series section number and the statement "Secure a Controlled Enrollment Form," the student must go to the office of the department offering the course to obtain a Controlled Enrollment Form. Availability of these forms is arranged in each department and will range from a week before registration to the actual days of registration.

The student must deposit this form in addition to the regular Course Request Form during registration in order to enroll in that course. A request for a CONTROLLED Enrollment course on the REGULAR Course Request Form alone is not acceptable and the student WILL NOT be placed in the course.

3. INDEPENDENT STUDIES—Students registering for courses with sections numbered 900 or above (Independent Study, Thesis, Candidate for Degree,

etc.) MUST obtain an Independent Study/Thesis Approval Form from the department offering the course. This form must be completed in addition to the regular Course Request Form and turned in at registration in order to enroll in that course.

The Independent Study Form must be completed accurately. Section number may be left blank, but all other information including student's name and number, department abbreviation, course number, instructor's name, departmental approval signature, and credit hours must be provided.

C. Filling Out the Forms

USE A #2 OR MARK-SENSE PENCIL

- 1. Deposit Form does not need to be filled out.
- 2. Controlled Enrollment Form needs your student number in the boxes and the bubbles and your name printed legibly below the number.
- 3. Course Request Form is the 8½ x 11" sheet with orange printing.
 - a. If your student name and number are printed, verify the information. If they aren't printed, use a #2 or MARK-SENSE pencil to enter your student number in the bubbles and the other information on the lines.
 - b.Enter one course in each course box. In the boxes and the bubbles, enter the department number, course number, credit hours, and section numbers (lecture section number is required; lab and recitation numbers are entered in the same course box when applicable). Be sure to mark NONCREDIT bubble if you want NC for the course.
 - c.Be sure to enter all zeros (as in section 001).

D. Deposit Waivers

Applications for waiver of the continuing student tuition deposits will be available in the Fieldhouse during registration on April 27-29 and in the Office of Financial Aid until July 1. These applications are available to Financial Aid recipients who have sufficient loan, grant, and/or scholarship aid to cover their full tuition, fees, and room and board charges (if living on campus). Please note that expected employment earnings from a regular hourly or Work-Study job cannot be used in approving this waiver.

Priority in classes will be given to those students who complete their registration correctly and on time. Students must turn in materials, pay their deposits, and pick up their schedules on these designated dates:

DROP/ADD PROCEDURES

Special Notes

- Changes are under consideration regarding Drop/Add dates for Fall 1983. Please read all registration instructions for the most current
- The Add deadline will be in effect unless enrollment levels are reached prior to September 16.
- (1) Students will be allowed to drop and add through Friday, September 16, with no signature required on the Drop/Add form. The deadline for Business students is September 2.
- (2) No Add, including Independent Study and Thesis, will be allowed after September 16, 1983.
- (3) After this date, the instructor must sign **Drop** forms. Students must be passing a course at the time it is dropped. A "W" will remain on the transcript for courses dropped at this time.
- (4) You will be charged for any courses dropped after September 16.
- (5) Starting Wednesday, November 9, 1983, courses may not be dropped unless there are circumstances clearly beyond the student's control (accident, illness, etc.); in addition to the instructor's certification (as in 3 above), the student must petition the dean for all Drops.
- (6) Validated receipts are provided for all students who deposit Drop/Add forms at the Office of Registrations, Regent 125. It is the students' responsibility to retain this receipt.

PASS/FAIL OPTION

(1) Before enrolling in courses on the Pass/Fail option, students should consult their college and school requirements and restrictions concerning Pass/Fail enrollment to ensure an approved registration. Students may obtain Pass/Fail forms from either the registration final check clerks or at the Office of Registrations, Regent 125.

Completed Pass/Fail forms must be turned in at the Office of Registrations prior to 4 p.m. on Friday, September 16. Students will be given a validated receipt upon submission of the Pass/Fail form. It is the student's responsibility to retain this receipt. After Friday, September 16, it will not be possible for a student to enroll for Pass/Fail.

(2) The record of Pass/Fail registration is maintained by the Office of Registrations.

(3) Academic deans and faculty will not be aware of specific Pass/Fail registrations. For example, all students who are registered on a Pass/Fail basis appear on the regular class roster and a normal letter grade is assigned on the final grade roster by the professor.

When grades are received in the Office of Records those registrations which require a Pass/Fail designation are automatically converted by the grade application system. Grades of **D** and above convert to a grade of **P**. Grades of **F** would equal a letter grade of **F**.

(4) Only six hours or two courses (whichever is greater) may be taken Pass/Fail in a given semester.

WITHDRAWAL POLICY AND REFUND SCHEDULE

- (1) Failure to withdraw makes you liable for the full amount of tuition and fees assessed for the Fall Semester 1983 (in compliance with the Board of Regents ruling on August 18, 1971).
- (2) Failure to withdraw will result in a failing grade being recorded for every course you requested and were sectioned into for the Fall Semester 1983.
- (3) You must withdraw in the Office of Registrations, Regent 125. Before classes start, you may send

a letter to the Withdrawal Coordinator, Office of Registrations, Campus Box 7, University of Colorado at Boulder, Boulder, Colorado 80309.

(4) Undergraduate students who fail to pick up their class schedules by 4 p.m., Friday, September 16, will automatically be withdrawn from school and assessed their tuition deposit.

(5) If you drop your only or last class, an administrative withdrawal is processed with no refund (see #1 above). It is not necessary to secure drop forms if you are withdrawing.

If a student withdraws from the Boulder Campus, adjustments or refunds of the total tuition and fees are made as follows:

Withdrawai	
Period	Refund or Assessment Schedule
Prior to July 1,	Full refund of tuition deposit (\$100 or
1983—Continuing	\$300 out-of-state) with receipt of letter

TUITION & FEES SPRING 1983

Rates for tuition, student fees, and medical coverage have not been set for Fall 1983. The following table shows the rates for Spring 1983. Actual tuition may differ from the rates shown. Final rates will depend on the level of support provided by state appropriations, to be determined late spring 1983.

The Board of Regents reserves the right to change Tuition and Fees at any time.

*Students taking only one course (from 1 to 5 credit hours) will pay fees of \$11.90. Other students pay the full \$110.25. These are self-assessed fees as determined by the UCSU. In addition, students registered for 4 or more hours will be assessed a \$10 fee for women's collegiate athletics.

EXTRA TUITION SURCHARGE: For every credit hour OVER 17 for which a student registers, and retains past the 12th school day of a semester, there will be a tuition surcharge.

Tuition and Fee Regulations

- (1) Student Responsibility for Payment: Failure to receive an official University billing will not relieve the student of responsibility for payment by the established date.
- (2) Students will be assessed tuition for the number of hours they have on September 16, 1983.
- (3) No tuition adjustment will be made for courses dropped after September 16. However, tuition for classes added will be assessed and billed.
 - (4) Resident and nonresident students enrolled only

as "Candidate for Master's Degree" to take a comprehensive examination for a master's degree will pay resident graduate tuition for 3 credit hours.

- (5) Tuition for a NO CREDIT course is the same as a course taken for credit.
- (6) Tuition for a zero (0) credit-hour course is charged at the rate of one credit-hour class.
- (7) Any student taking one course of 5 or fewer hours who wants the supplemental health insurance will be assessed student fees of \$110.25 in addition to the insurance charge.
- (8) STAFF/FACULTY TUITION RATES—Fulltime faculty and staff are entitled to 6 credit hours per year at no charge and must register during late registration (August 30). No student fees will be charged if a copy of the PAF and the signed approval card are turned in to the Bursar's Office. Special Students must reapply each semester to the Office of Admissions.
- (9) MATRICULATION FEE—There is a one-time nonrefundable matriculation fee of \$15 for new degree students. This fee will be assessed at the time of initial registration. Processing charges then will not be made for adding or dropping courses or for transcript orders. A Special Student who is admitted to degree status will be assessed a \$15 matriculation fee at the time of the student's first registration after the change has been made.

Deferred Tuition

The option of deferring one-half your total tuition and fee bill until October 14, 1983, is available by applying on or before **September 9.** One-half your full bill will be due by September 9. Please be aware that the deferred balance will be subject to a 1% per month finance charge. If you have any doubt at all about being able to pay your full tuition and fee bill by September 9, please take advantage of this option. To qualify, your total bill at the time of application for deferred tuition must exceed \$100.

Penalty for Failure to Pay Full Tuition by Deadline

Except for those students who have made prior arrangements for deferred payment, deadlines will be strictly enforced. You will be penalized if you fail to meet the published deadlines, so it is important for you to understand at the outset what those penalties are. You may:

1. Be assessed a late payment charge, in addition to the 1% monthly interest on the unpaid balance, according to the following schedule:

要素な方体を機能をありませい	重新機会をおける時間はまかせかいした
Balance Due	Late Charge
\$1-\$99.99	\$ 5
100-299.99	10
300-499.99	20

700-899.99	40
900 and over	50

- 2. Be disenrolled from the University and become ineligible for all University services
- 3. Receive no grades for courses in progress
- 4. Not be permitted to register for future semesters
- 5. Receive no transcripts or diplomas
- **6.** Have your account turned over to a collection agency

* DISENROLLMENT POLICY

Students who fail to meet their entire tuition and fee obligations by the published due date and who have not previously made satisfactory arrangements with the University will be subject to IMMEDIATE DISENROLLMENT from the University and may lose all credit for course work taken during the semester.

In order to be reregistered, students who are disenrolled will be subject to late and service charges as well as a **late registration fee**, charged according to the following schedule:

First working day after the deadline\$20)
Second working day after the deadline\$25	
Third working day and thereafter \$30)

Students who are disenrolled and who fail to be reinstated remain liable for full payment of all unpaid charges, including any tuition and fees.

GENERAL INFORMATION Academic Integrity

A University's entire intellectual reputation depends on the highest standards of intellectual honesty. The maintenance of those standards is, accordingly, the concern of every student and every faculty member at the University of Colorado.

Breaches of academic honesty include plagiarism, cheating, and the unauthorized acquisition of or disposition of or other trafficking in exams, papers, or other class materials for which the student bears responsibility for originality.

Cheating takes place in different ways, but basically it involves such dishonest behavior as copying from another person or obtaining any form of unauthorized help or assistance from any person or source.

Plagiarism—In all academic areas, it is imperative that work be original or that explicit acknowledgment be given for the use of other persons' ideas or language. For example, the submission of a term paper or other research assignment prepared by a so-called Term Paper or Research Service or Research Assistance Company is clearly a breach of academic integrity. Students should consult with their instructors regarding specific standards or procedures appropriate in each given field.

Breaches of academic honesty will result in disciplinary measures. These can include:

- A failing grade for a particular assignment
- A failing grade for a particular course
- Suspension for various lengths of time from college or school in which student is enrolled
- Permanent expulsion from the college or school in which the student is enrolled

Affirmative Action

The University of Colorado, Boulder, is an affirmative action/equal opportunity institution and does not discriminate on basis of race, sex, creed, color, age, national origin, or individual handicap in any aspect of employment, educational programs, activities, or services.

These are administered on a nondiscriminatory basis subject to the provision of Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1973, the Vietnam Era Veteran's Readjustment Act of 1974, and Section 504 of the Rehabilitation Act of 1973. For information about these provisions, discrimination, or equity, consult the Department of Human Resources and Affirmative Action, Armory Building, Room 119, or telephone (303) 492-6706.

Family Educational Rights and Privacy Act

Periodically, but not less than annually, the University of Colorado informs students of the Family Educational Rights and Privacy Act of 1974. This act, with

which the institution intends to comply fully, was designed to protect the privacy of educational records, to establish the right of students to inspect and review their educational records in all offices, and to provide guidelines for the corrections of inaccurate or misleading data through informal and formal hearings.

Students also have the right to file complaints with the Family Educational Rights and Privacy Act (FER-PA) Office concerning alleged failures by the institution to comply with the act.

Local policy explains in detail the procedures to be used by the institution for compliance with the provisions of the act. Copies of the policy can be found in the library of each CU campus.

A Directory of Records which lists all education records maintained on students by this institution may be found in the Office of Records, Regent 125.

The following items of student information have been designated by the University of Colorado as public or directory information: name, address, telephone number, dates of attendance, registration status, class, major field of study, awards, honors, degree(s) conferred, past and present participation in officially recognized sports and activities, physical factors (height, weight) of athletes, date and place of birth. Such information may be disclosed by the institution for any purpose, at its discretion.

No other information regarding students' education records may be disclosed to anyone without the written consent of students **except** (1) to personnel within the institution, (2) to officials of other institutions in which students seek to enroll, (3) to persons or organizations providing students financial aid (this includes the parents upon whom students are financially dependent), (4) to accrediting agencies carrying out their accreditation functions, or (5) to persons in an emergency to protect the health or safety of students or other persons.

Currently enrolled students may withhold disclosure of directory information under the Family Educational Rights and Privacy Act of 1974. To withhold disclosure, written notification must be received each term in the Office of Records prior to the eleventh day of classes. Forms requesting the withholding of directory information are available in the Office of Records.

The University of Colorado assumes that failure on the part of any student to specifically request the withholding of directory information indicates individual approval for disclosure.

Questions concerning FERPA may be referred to the Office of Records.

Final Examination Policy

It is the policy of the University of Colorado, Boulder, to adhere to the final examination schedule as published in the SCHEDULE OF COURSES each semester. While it may be appropriate not to give a final in some cases, such as laboratory courses, seminars, and colloquia, final examinations should be given in all other undergraduate courses.

Exceptions to this policy should be agreed upon by the faculty member and the chairman of the department no later than the beginning of the semester in which an exception is requested. The resulting decision should be announced in writing to students in the class during the first week of classes.

In addition to the principles stated above, the following guidelines should be followed by all faculty members and administrators in order to assure fairness and the best possible educational experience for students:

- 1. The scheduled final examination period should be considered an important part of the course and used as a final examination period or for additional instruction.
- 2. The final examination in a course should be given as scheduled and not at other times even if the faculty member and all students in a course agree to such a change.
- 3. The week of classes preceding the scheduled final examination period should be used primarily for continued instruction and may include the introduction of new material. No hourly examinations are to be given during the week preceding final examinations.
- 4. Individual students may be granted a variance from these policies provided the instructor is satisfied that (a) the exception is based on good and sufficient reasons (such as religious observances), and (b) such an exception for an early or late examination will not prejudice the interests of other students in the course.

- 5. When students have three or more examinations on the same day, they will be entitled to arrange an alternative examination time for the last exam or exams scheduled on that day. Such arrangements must be made no later than the end of the tenth week of the semester (i.e., at the end of the drop period). Students will be expected to provide evidence that they have three or more examinations in order to qualify for exceptions.
- 6. This policy applies to all undergraduate students, including seniors. Graduating seniors should not be exempted from final examinations. Such exceptions are inappropriate on both procedural and academic grounds.

Intercampus Registration Procedures Option I—Boulder Campus students who wish to

take course work on another campus of the University of Colorado may be able to register on that campus independent of their home campus registration. However, the student must apply separately and follow the registration procedures established by the other campus. Be sure to check with your dean's office for approval. Arts and Sciences students may not register at UCD or UCCS except in the summer. Option 2—Boulder Campus students who are unable to obtain courses required for their degree programs on the Boulder Campus may exercise the Concurrent Registration option. Students enrolled for a minimum of one course on the Boulder Campus will be allowed to register for up to two courses or six hours, whichever is greater, on another campus provided the course work is required for their degree programs and they have their dean's permission.

Boulder students exercising this option will pay tuition for their total credit hours on the Boulder Campus only, at Boulder Campus rates. Concurrent Registration forms and instructions are available at the Information Window of the Office of Registrations, Regent 125.

Student Conduct

The Standards of Conduct and the procedures for implementing them have been developed by a committee composed of students, faculty, and staff. In establishing these Standards, we have taken into account your rights as an individual, as well as the general welfare of the University community.

The University would be remiss in its responsibility to you and the community if it ignored behavior which violates the rights of others. It is also essential that everyone shares in the commitment to protect the integrity and personal safety of each member of the University community.

The intent of these Standards is not for use in incidents involving trivial or minor matters. Rather, they are intended for use in incidents threatening the basic functioning of the University or the personal safety of its members.

As a member of the University community, you are held accountable not only for civil and criminal laws, but University Standards as well. University sanctions can be imposed when policies are violated; the sanctions include, but are not limited to, suspension and permanent expulsion.

Any time you have questions regarding the application of University Standards or feel that another person has subjected you to behavior which interferes in any manner with your rights, public or private, we encourage you to talk with the staff member closest to the situation. Further information is available from the Office of Student Conduct, 492-5601.

Time Out Program (TOP)

The TIME OUT PROGRAM is a planned leave program for University of Colorado, Boulder students who are currently enrolled in good standing in their college or school and whose dean approves their leave for a minimum of one semester or a maximum of one year. (Example: after completing a Fall semester in December, the student returns the following September or a year later in January.)

TOP will guarantee the students a place in their current college or school and in their current major when they return to classes. Certain restrictions do apply, however, for some colleges and schools. TOP participants may register for classes by mail, and reapplication to the University is not necessary. Additional information and TOP applications can be obtained from the Office of Registrations, Regent 125. A nonrefundable \$20 program fee is required at the time of application to TOP.

General Information

The Academic policies, rules, and regulations of the College and University are printed in the 1982-83 <u>University of Colorado, Boulder, Catalog</u>. All students are responsible for knowing and following the provisions set forth in the catalog. Any questions concerning those provisions are to be directed to the College Office, Hale 107. The College cannot assume responsibility for problems resulting from a student's failure to follow the policies stated in the catalog or from misadvice given by someone other than a staff member of the College.

ADMINISTRATIVE DROPS

During the drop/add period, students may be administratively dropped for non-attendance in courses in the College of Arts and Sciences.

GRADUATION FROM THE COLLEGE OF ARTS AND SCIENCES

Any student wishing to graduate from the College of Arts and Sciences at the end of a gi⁵ en semester must notify the Dean's Office, Hale 107, in the semester preceding. THE COLLEGE OF ARTS AND SCIENCES TAKES NO RESPONSIBILITY FOR GRADUATING A STUDENT WHEN THE STUDENT HAS NOT MET THE ABOVE DEADLINE DUE TO THE STUDENT'S OWN NEGLIGENCE.

Area Requirements

As a liberal arts college, the College of Arts and Science's has the responsibility of making available to its students a balanced program which will satisfy the legitimate claims of individual interest and aspirations and ensure that those who graduate have pursued a directed, coherent, educational experience.

Candidates for the liberal arts degree are expected to be literate in their own language, to have at least a minimal acquaintance with a language other than their own, and to be familiar with the subject matter and methodology of the three broad areas of learning represented by the humanities, the natural sciences, and the social sciences. These expectations generate the college area requirements

Each student seeking the B.A., the B.F.A., or the B.S. degree in the College of Arts and Sciences must complete two 2-semester course combinations in each of the following areas: Humanities, Natural Science, and Social Science. See the description of the College List on the next page.

In addition to the above, students seeking the B.A. of the B.F.A. degree must demonstrate in one of three ways a third-semester proficiency in a classical or modern foreign language: (a) by completion of a level-III high school foreign language course, (b) by completion of an appropriate third-semester college course, or (c) by a proficiency examination administered by one of our foreign language departments.

THE COLLEGE LIST

The College of Arts and Sciences College List consists of three divisions. Each division represents one of the area requirements: Humanities, Natural Science, Social Science. Within these divisions the courses are listed by departments and then by first- and secondwithin these divisions the courses are listed by departments and then by first- and second-year sequences. Courses joined by a hyphen are considered a sequence. Both courses must be completed in order to fulfill one half of an area requirement. To fulfill the second half of the requirement, students who have successfully completed a first-year sequence in a given department may choose either to take a second-year sequence in the same depart-ment or to complete another first-year sequence in a different department listed in the same area requirement division.

STUDY ABROAD?

"Sure. I'd love to, but I can't afford it."

Despite the continuing poor state of the economy, the dollar is still very strong against foreign currencies. Our program fees, therefore, haven't gone up very much for next year. We also have more scholarship money than we have ever had before. Don't give up the chance of a lifetime by assuming you can't afford it. We might show you that you can! Come see us today.

IF YOU'RE A VETERAN, BECOME A 4-LETTER MAN.

Army ROTC has a lot going for it. For a veteran, it has even more!

In most cases, your service time alone will take the place of the first two years. So you'll move right into the Advanced Course and begin earning \$1000 a year. And that's in addition to your other veteran's benefits.

Then, upon graduation from college and receiving your officer's commission, you even get to call your own shots. Either go for an active duty assignment or opt for the Army Reserve or National Guard. Either way, guaranteed.

Here's another big plus, You can join an Army Reserve or National Guard unit at the same time you're in ROTC, receiving

full pay in addition to your ROTC subsistence allowance.

Army ROTC is a good deal for college students. It's even a better deal for veterans. Talk to your professor of Military Science

ARMY ROTC. BE ALLYOU CAN BE.

ENROLL IN AMERICA'S LARGEST MANAGEMENT TRAINING PROGRAM.

Becoming an officer in today's Army – which also includes the Army Reserve and Army National Guard—requires getting the right kind of management and leadership training.

What's the best way to get it? By enrolling in America's largest management training program-Army ROTC.

In the Army ROTC 4-year program, you'll acquire discipline of mind and spirit, and the ability to perform under pressure. We call it learning what it takes to lead.

It'll pay off, too. First, during your last two years of college, when you'll start receiving up to \$1,000 a year.

And, most of all, on graduation day, when you receive a commission along with a college degree.

ARMY ROTC. BE ALLYOU CAN BE.

COLLEGE OF BUSINESS AND ADMINIS-TRATION AND GRADUATE SCHOOL OF BUSINESS ADMINISTRATION WILLIAM H. BAUGHN, Dean

General Information

ANY QUESTIONS CONCERNING COLLEGE OF BUSINESS POLICIES ARE TO BE DIRECTED TO THE COLLEGE OFFICE. THE COLLEGE CANNOT ASSUME RESPONSIBILITY FOR PROBLEMS RESULTING FROM A STUDENT'S FAILURE TO FOLLOW THE POLICIES STATED IN THE CATALOG OR FROM MISADVICE GIVEN BY SOMEONE OTHER THAN A STAFF MEMBER OF THE COLLEGE OF BUSINESS. COLLEGE POLICIES ARE EXPLAINED ON PAGES 90-99 OF THE 1983-84 UNIVERSITY OF COLORADO AT BOULDER CATALOG.

<u>Administrative Drops</u> - Business faculty may drop students for nonattendance in class or if all prerequisites have not been met. Students are responsible for checking with their instructors concerning attendance policies.

<u>Course Load</u> - Business students may register for a maximum of 17 hours of course work <u>during the Fall</u> or Spring Semesters and a maximum of 6 hours during a 5-week Summer Term.

 $\frac{\mathsf{Drop}/\mathsf{Add}}{\mathsf{may}}$ - Adding business classes is only by petition to the Dean. Business classes may not be added after the first week. All class assignments are on a space available basis. Nonbusiness students will not be sectioned into business classes, but those $\frac{\mathsf{re}}{\mathsf{re}}$ quired to take business classes may be added during the first week of class providing they have received prior approval from their Dean and the College of Business.

Incomplete Grades - Incomplete grades are given only in documented and extenuating circumstances clearly beyond the student's control. IF is the only incomplete grade given by the College of Business. The student is expected to complete the requirements, e.g., final exam, term paper, within the established deadline and not retake the entire course.

Information for Graduating Seriors - All graduating seniors must contact the College of Business Office of Undergraduate Studies for a complete academic evaluation prior to registering for their last term on campus and must file an application for degree candidacy. To receive a B.S. degree in Business, the student must have achieved a grade point average of 2.00 for all work attempted at the University of Colorado, a 2.00 average for all Business courses attempted at the University and a 2.00 average in the four required area of

Intrauniversity Transfer - Students who wish to transfer to Business from another college or school of the University must formally apply at the Dean's Office (Room 230), within the October 1 deadline established by the College of Business. Applicants must be enrolled on the Boulder campus at the time of application and have completed a minimum of 15 hours at the University of Colorado prior to applying. A limited number of students are admitted to the College each term by IUT and when the quota is filled, applications will not be accepted until the next term. Admitted students must enroll on the Boulder campus the term admitted or the IUT is void.

 ${\tt NO}$ Credit - Due to space limitations, business classes may not be taken on a noncredit or audit basis.

Nonclassroom Sources of Credit (e.g., Independent Studies, Certain Experimental Studies) A maximum of 6 hours or nonclassroom sources of credit will be counted toward the B.S. degree in Business and not more than 3 hours of such credit per semester. A description of the course and appropriate approvals must be submitted to the Office of Undergraduate Studies prior to registering for all such courses. Independent Study courses in Business are intended for Business seniors.

Pass/Fail - Students in the College may not use courses taken on Pass/Fail basis to satisfy required business or nonbusiness courses or business elective courses. A maximum of 16 hours of Pass/Fail credit may be applied toward the B.S. degree in Business; transfer students may take 1 hour of Pass/Fail for every 8 hours completed at this institution. PASS/FAIL DETERMINATION MUST BE MADE WITHIN UNIVERSITY DEADLINES AND IS IRREVERSIBLE.

Prerequisites - Students registering for courses without having completed appropriate prerequisites or who do not have the appropriate class standing may be administratively dropped from Business classes. Business majors are defined as students officially en-rolled in the College of Business and Administration or an official combined program.

Repeating courses - Repetition of work either at the University of Colorado and/or elsewhere, or below college level work, is not acceptable toward a B.S. degree in Business. Grades of D earned at this institution count toward graduation and courses need \underline{not} be repeated. The College of Business and Administration does not remove Fs or change grades if a course is repeated. All work attempted will appear on permanent records.

Summer Work - Business students planning to attend another institution during the summer should have their proposed course work approved by a Business advisor prior to leaving campus.

Transfer Credit - Transfer work from other institutions is evaluated first by the University of Colorado, Admissions Processing, but final degree determination is made by the College of Business. Transfer credits from unaccredited institutions will not apply toward the Business degree. On questions of substitution of required courses, comparison of catalog descriptions will be made. Students are responsible for providing course descriptions. Transfer credit for business courses taken at a lower-division level is limited to only such courses as the College offers at that level.

COLLEGE OF DESIGN AND PLANNING— DIVISION OF ENVIRONMENTAL DESIGN

MIKE MARTIN, Resident Dean

General Information

Statements concerning general policies, rules and regulations, and specific information relative to course sequence and requirements are contained in the College Handbook available in libraries, the College Dean's Office, or the University Bookstore. All students are responsible for familiarizing themselves with this information and should retain a copy in their personal files.

Environmental Design students must specify major code EV 852. Advisors are assigned from the faculty in Environmental Design. Faculty offices for advisors are in the Environmental Design Building. All students enrolled in the College of Design and Planning are required to see an advisor prior to registration for each semester.

Transfer Students - Before admittance to this program, transfer students from the Boulder Campus or from other universities should have completed a college physics course with lab, English composition or equivalent, mathematics (calculus for prearchitecture and statistics for planning and other design students), and basic drawing skills, plus an overall 2.7 minimum grade point average.

Minimum Scholastic Standards - Students will be subject to suspension if they do not maintain a cumulative grade point average of 2.00 for the Environmental Design undergraduate division. A "D" in a required course is grounds for repeating the course.

Normal Schedule - The normal semester credit hour load in the College of Design and Planning is 16 semester hours. Advanced approval by the Dean is essential for loads less than 12 hours or more than 19 hours. No incomplete marks (IW or IF) are given in the College of Design and Planning except in the case of a demonstrated medical crisis. ATTENDANCE REGULATIONS

STUDENTS ARE EXPECTED TO COMPLY WITH THE ATTENDANCE REGULATIONS SPECIFIED BY THE INSTRUCTOR AT THE BEGINNING OF THE SEMESTER.

REQUIREMENTS FOR BACHELOR OF ENVIRONMENTAL DESIGN DEGREE

These new requirements apply to students who entered the College in Fall 1982 and Spring 1983. Students admitted for Fall 1983 will receive a Letter of Advisement from the Dean.

A. Environmental Design Studio (6 semesters, 6 hours each)

First Year - ENVD 100-6 (Fall or Spring)

An additional minimum of five semesters of Environmental Design Studio is required. Each student must complete at least two courses at the 200 level, one at the 300 level, and two courses at the 400 level.

Collateral Courses

Courses in other Departments of the University Mathematics (calculus-Math 130-for prearchitecture students or statistics).

One semester of Physics 301 with lab and a course in English composition or expository

The requirements and policies of the College and the University are printed in the 1983-84 <u>University of Colorado, Boulder Catalog</u>. All students should become familiar with these requirements as well as with the specific requirements of their major department. Catalogs may be obtained from the Office of Registrations. Students should also refer to the front of this <u>Schedule of Courses</u>, which outlines the Stanard Grading System, Pass/Fail, Drop/Add, and withdrawal procedures. In addition, each Engineering System to the Student Survival Guide. This Survival Guide pamphlet provides important information relative to the rules of the College of Engineering and Applied Science and is available in the Dean's Office, EC AD 1-1.

BECAUSE OF THE REQUIRED LEAD TIME TO PUBLISH THE UNIVERISTY OF COLORADO CATALOG, CHANGES IN UNIVERSITY AND/OR COLLEGE RULES AND POLICIES MAY OCCUR IN THE INTERIM, IT IS THE STUDENT'S RESPONSIBILITY TO BE AWARE OF REVISIONS. THIS CAN BEST BE ACCOMPLISHED BY CONSULTING WITH DEPARTMENTAL ADVISORS, CHECKING DEPARTMENTAL BULLETIN BOARDS, AND READING THE LATEST STUDENT SURVIVAL GUIDE AND THE NARRATIVE PRECEDING EACH SEMESTER'S COLLEGE OF ENGINEERING SCHEDULE OF COURSES LISTING.

GRADUATE SCHOOL BRUCE R. EKSTRAND, Dean

General Information for Registration

Consult the University of Colorado at Boulder Catalog and your major department for additional information concerning requirements for advanced degrees. All regular degree and provisional degree graduate students must have the approval of their authorized departmental representatives concerning their pronosed program of courses for each semester and must plan their degree programs with their designated advisors. Admission to Graduate School is not equivalent to approval of candidacy for an advanced degree. A student who wishes to become a candidate for a degree must make application in the manner prescribed under the requirements for the degree sought.

Graduate Deadlines and Exam Dates

NOTE: Departments or program committees may have additional deadlines which must be met by graduate students in that department or program. It is the student's responsibility to ascertain such requirements and to meet them as designated by the department
